STATUS INQUIRY CONCERNING ISSUANCE OF PATENT

Pittsburgh, Pennsylvania 15222

April 20, 2006

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicant timely paid the issue fee for the above-identified application on May 3, 2005.

Copies of the documents that accompanied such payment, including the self-addressed stamped post card bearing the United States Patent and Trademark Office's May 3, 2005 date stamp are enclosed.

"Express Mail" mailing label number EQ603935746US

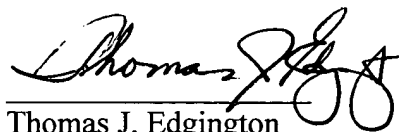

Date of Deposit April 20, 2006

I hereby certify that this paper or fee is being deposited with the United States Postal Service "Express Mail Post Office to Addressee" service under 37 CFR 1.10 on the date indicated above and is addressed to Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450

To date, the patent has not yet issued. Applicant respectfully requests an updated status concerning the issuance of the patent.

The Determination of Patent Term Adjustment Under 35 U.S.C. 154(b) issued on March 10, 2005 in connection with the subject application indicated that the subject application was entitled to a patent term adjustment of 85 days. In accordance with 35 U.S.C. 154(b)(1)(A)(iv), because the PTO has failed to issue the patent within four months from the date on which the issue fee was paid, Applicant is entitled to **further** patent term adjustment in connection with the subject application. Prompt issuance of the patent bearing the **corrected** patent term adjustment reflecting the delay in issuance of the patent is earnestly solicited.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Thomas J. Edgington", with a stylized flourish at the end.

NOTE: Each paper must have its own certificate and the "Express Mail" label number as a part thereof or attached thereto. When, as here, the certification is presented on a separate sheet, that sheet must (1) be signed and (2) fully identify and be securely attached to the paper or fee it accompanies. Identification should include the serial number and filing date of the application as well as the type of paper being filed, e.g. complete application, specification and drawings, responses to rejection or refusal, notice of appeal, etc. If the serial number of the application is not known, the identification should include at least the name of the inventor(s) and the title of the invention.

NOTE: The label number need not be placed in each page. It should, however, be placed on the first page of each separate document, such as, a new application, amendment, assignment, and transmittal letter for a fee, along with the certificate of mailing by "Express Mail." Although the label number may be on checks, such a practice is not required. In order not to deface formal drawings it is suggested that the label number be placed on the back of each formal drawing or the drawings be accompanied by a set of informal drawings on which the label number is placed.
